The beauty of the white stones (travertines) that cover all the natural pools that were formed by thermal water will attract us without a doubt. Transfer to the hotel. Modifications can be made in the order of visits in the circuits without changing the content and without prior notice, due to climatic, social or political issues.

The circuits are guaranteed with a minimum of 2 passengers in Turkey and in other countries according to what is indicated in each description of the requested itinerary.

All the official guides are licensed by the Ministry of Culture and Tourism, so they have the right to change the order of the program due to the change of weather and the safety of the group so that the tour goes well.

In case any tourist misbehaves, the guide has the power and right to warn them without paying attention.

If the balloon ride is canceled due to bad weather conditions, the agency will refund your money immediately.
